3. Explanation

Martus Foundation was officially launched in March 2021 with the goal of improving healthcare access for people in Kahama, Tanzania. Throughout the year, we undertook various activities to raise funds and increase awareness.

A significant event was the successful car wash we organized in July 2021 in collaboration with Hopmans. This activity not only generated substantial income but also increased the foundation's visibility. Thanks to these efforts, we were able to help many families obtain an insurance card, which is essential for their access to care.
